### EXHIBITOR TESTIMONIALS

A great partnership to help transitioning military and veterans with realistic career opportunities. Love going to Gillette -- great amenities, easy access and central location.

Organized event that attracted a lot of qualified candidates with diverse backgrounds.

My company is in a field where it is extremely difficult to recruit talent. I knew based off of my military experience that this would be an excellent opportunity to network. Overall we have received a lot of interest and I already have 3 interviews scheduled.

It was an excellent career fair. The space was perfect (very impressive actually) and the staff was very helpful and professional. We met with some really great candidates. All were very pleasant, polished and polite. There were a couple stand outs who we hope to potentially place -- fingers crossed.

I would highly recommend. The support from start to finish was superb with great communication. The experience was great! I was able to connect with great candidates with a diverse background who would fit well in our organization.

You'll get the opportunity to speak with serious and engaged job seekers, who have training, discipline, and passion.

This was our first experience at this career fair and in many ways it exceeded our expectations. Everything was well executed and managed and the venue (Gillette) was fantastic. Communications with various members of the team prior to the event and during the event were great as well. We spoke with many very qualified candidates who were eager to work and learn and grow at an organization like ours.

It is a great event with strong candidates.

### JOB SEEKER TESTIMONIALS

This is a great opportunity to get a job within the civilian world.

Great variety of employers.

A lot information and a great point of reference.

Well worth it!

I would tell fellow veterans that attending the event will help with meeting company recruiters face to face.

Go to this event. Very friendly and informative environment.

It is good place to find job opportunities.

It was one of the best job fairs I've attended.

There were a lot of tables. And the variety was excellent.

Whether you're looking for a job or looking for a career change, taking the time to speak with recruiters and representatives in attendance is a great way to network and practice "elevator speeches" .

The event was good. Show up early for the pre-event information.

Lots of employers at the event.

Dress for success, bring a paper copy resume, research the companies or groups at the booths before hand, have a written down questions to each vendor you are interested in. Good experience!
